Our EZ Select CD-ROM is easy-to-use with the most popular features for mailings and telemarketing. You can point-and-click to select up to 13 data fields with optional Local Area Network use. The *Full and 20+ (companies with 20 or more employees) Versions* allow for printing labels & reports, and exporting data for mail merge, spreadsheet, and database applications. *Basic* versions search and print one company profile at a time, but do not allow for data exporting, merging, or label printing.
